Shell Rock Development Corporation News

The Shell Rock Development Corporation has been instrumental in helping to develop the McCague Park through our Parks Galore project. Helping to develop the business park along Highway 3 and supporting the new pool headed up by the Diving for Dollars committee in getting our new pool funded have been other areas the SRDC has lent support. Now, the Committee is asking for further input from members of the community. What small projects are out there? What is the town's vision for new and improved amenities? This committee is looking into the next small project that will improve the community for our current residents and make this a place that will attract new ones. What are YOU passionate about? Who do you know that shares your ideas? Put something together and present it to our committee. We know that the best ideas will come from the community that lives here!

Our next meeting will be September 23rd, however we are open to ideas at any time. If this letter arrives too late for action, please feel free to contact us. If you would like to be added to an agenda to present your ideas, please reach out to Tim Vannordstrand at (319)493-0672 or email at timothy.vannordstrand@fbfs.com or Donna Busch at (319)830-6282 or email at buschphoto@butler-bremer.com Thanks!
