Recyclable Material Preparation Guidelines

All material must be clean & dry to be picked up. Do not put material in plastic bags. All items may be mixed together in the recycling bin except glass which must be separate.

The list of Acceptable Recyclable Material includes:

Cardboard, Clean and Flattened, not mixed with trash.

Papers such as: newspaper, junk mail, magazines, mixed office paper, & computer paper.

Paperback books, phone books, craft paper bags, & empty aerosol cans.

Metal cans (labels can still be on), pots, pans, loose aluminum foil, etc.

Clear container glass (separated, with lids removed, and next to the recycling bin).

Plastic #1 thru #5 and #7 (look for the recycling arrows and number on the container)

****Lids must be removed and lids that are under four inches diameter thrown in the trash****

The Following Material is NOT Recyclable (NOT ACCEPTABLE)

Styrofoam of any kinds (#6 plastic), any dirty or contaminated recyclable material, trash, wax or plastic coated cardboard such as milk, juice cartons, or butter boxes, was paper, carbon paper, photo's, tissues, napkins, paper towels, paper plates, hard cover book covers, crayon drawings, smoking materials, any plastic bags, mirrors, ceramics, ovenware, dishes, cups, clay pots, crystal, window glass, plate glass, light bulbs, medicine bottles, container lids under four inches, unmarked plastic (no recycling arrows or numbers on it), foil lined fiber cans, stretch wrap, plastic packaging wrap, wrapping paper, film, any colored glass (brown, blue, green, etc.), oil (cooking, motor, hydraulic) containers, antifreeze containers.

The Following is NOT acceptable in the Recycling or Trash

Needles, Syringes, Bullets, Shotgun Shells, or any other hazardous materials
